

High Schools Career Fair, April 9, 2009

A Career Fair is a great introduction to the world of work.

Students, you have the opportunity to meet new people (business leaders, entrepreneurs, and employers), learn about careers you may never have considered before, and begin thinking about a career path.

Whether you are seeking employment after graduation or plan to continue your education, now is the best time for you to begin networking and learning how best to prepare for the career of your choice.

The organizations participating in the career fair want you to learn about them, the many career opportunities they provide and to consider them in your educational, training and career plans.

This table lists the organizations participating in the fair, information about each, some of the career opportunities available with them, and a link to their web site. Use this information in deciding which organizations you want to visit at the career fair.

Business Name <ul style="list-style-type: none"> • City • Web site 	Brief Description of Organization	Sample Jobs (Training/Experience Requirements, and Wage/Salary Range)	<ul style="list-style-type: none"> • Primary Business Career Cluster • Other clusters in the organization
